

Douglas Fir Bowl

Our range of faceted Douglas Fir (Oregon) bowls are a single piece of timber made from reclaimed architectural off cuts.

As they are handmade each bowl is unique and may have a few minor cracks etc. They come in two sizes small (200x100mm) or large (300x150mm). Each bowl is made to order with the choice of a Tung oil finish or left natural. Made to order, allow three weeks for shipping.

Specifics

- Handmade in Melbourne

Materials

- Douglas Fir (Oregon)
