

# Peggy Lou

Meet Peggy Lou, a side table made from sustainably grown Tasmanian Oak with coloured pegs and hinges to fold flat should you need.

Like all products made by TreeHorn Design, Peggy Lou is handmade and every inch of Peggy has been carefully sanded, cut and oiled for a beautiful finish and look!

Peggy is special and therefore made to order from your choice of colored pegs/hinges (please allow three weeks shipping).

The pegs are available in our standard TreeHorn colour range.
